

Rajasthan eProcurement Corporation

Helping SMEs Secure
Government Opportunities....

“Consultancy for Government Industrial Activities to SMEs .”

ABOUT COMPANY

We are a leading management consultancy and liaison services firm established in 2016.

Our team of professionals provides a wide range of services to Micro, Small, and Medium Enterprises (SMEs). We specialize in helping SMEs navigate the complexities of government working procedure and provide our best guidance for their business development & growth in Govt. sectors.

OUR KEY STRENGTHS

Tender Assistance Support

We believe in providing the best public procurement support & consultancy with relevant service & solutions to a contractor for winning more tenders. We assist Micro, Small, and Medium Enterprises (SMEs) in securing Government contracts and understanding relevant working procedure.

GeM Assistance Support

GeM (Govt. eMarketplace) is a public procurement portal which is used for the Public procurement of goods and services by Government Organizations of Central and State Governments. Public procurement is an essential part of Government. Government increased the efficiency, transparency & decreased the time used to consume in the public procurement by GeM (Government eMarketplace).

GeM regularly updates its procurement methods to regularly keep an update about these methods you require Professional consultancy services.

Sub- Contractor

There are so many organizations that want to work with Govt. sectors but are not eligible financially and technically. So we act as sub contractor and help the organizations to work with Govt. sectors. We connect you with liable Government contractors who are technically and financially able to work with Government sectors.

Documentation

As a contractor/sub contractor you require many types of specified documents to work with Govt. Departments & MNCs so that you clear all the technical qualifications of the work.

We provide assistance in making those specified documents, after completing documentation you cannot be disqualified technically.

E Auctions

Govt. Departments organizes E Auctions for the used & old products which are old or are not in good working conditions. E auctions allow SMEs to buy those used & old products from Govt. Departments in a single way process. We assist in finding the right E auction according to SMEs work and business categories.

Vendor Enlistment

The process of vendor empanelment depends on requirement of Government. And this method vary department to department that's why we streamline the process of vendor enlistment because we have more than 6 years of working experience in vendor enlistments.

Our experts identify and help you enlist your firm in an easy and simple way.

Single-Window Consultancy

We at Rajasthan eProcurement Corporation offer our consultancy and assistance only to work with Government departments. We are your single-window solution, acting as your one-stop shop for all your government industrial activity needs.
